## DOCKSIDE – METADATA - Environmental and Maritime Research

NAME	Description	Source	Link	Information
AQUASTAT	Global information system of water and agriculture. AQUASTAT provides comprehensive information and data on water resources, water use, agricultural water management and non-conventional sources of water across the world	FAO	<a href="http://www.fao.org/nr/water/aquastat/data/query/index.html?lang=en">http://www.fao.org/nr/water/aquastat/data/query/index.html?lang=en</a>	
FAOSTAT	FAO's corporate database	FAO	<a href="http://www.fao.org/faostat/en/#home">http://www.fao.org/faostat/en/#home</a>	
CountrySTAT	CountrySTAT is a web-based information system for food and agriculture statistics at regional, national and subnational levels	FAO	<a href="http://www.fao.org/economic/ess/countrystat/en/">http://www.fao.org/economic/ess/countrystat/en/</a>	
Fisheries and aquaculture	Comprehensive fisheries and aquaculture statistics are structured within data collections on a global and regional basis	FAO	<a href="http://www.fao.org/fishery/statistics/collections/en">www.fao.org/fishery/statistics/collections/en</a>	These collections are available through various formats, tools and information products, including online query tools and the software FishStat for data exploration and extraction
Gender and land rights database	Disparities on land access are one of the major causes for social and gender inequalities in rural areas	FAO	<a href="http://www.fao.org/gender-landrights-database/en/">http://www.fao.org/gender-landrights-database/en/</a>	Gender differentiated rights to land have implications on rural food security and nutrition as well as on the wellbeing of rural families and individuals. Learn more about the different factors that relate to gender inequalities embedded in land rights.
Agricultural market information system (AMIS)	The initial focus of AMIS is on four grains that are particularly important in international food markets: wheat, maize, rice and soybeans.	FAO	<a href="http://statistics.amis-outlook.org/data/index.html">http://statistics.amis-outlook.org/data/index.html</a>	AMIS is a G20 initiative to enhance food market transparency and encourage coordination of policy action in response to market uncertainty.
Global Information and Early Warning System (GIEWS)	GIEWS provides information on food production and food security for all countries. The commodity price database disseminates up-to-date information on prices of agricultural commodities. Includes weekly data, monthly and annual averages	FAO	<a href="http://www.fao.org/giews/en/">http://www.fao.org/giews/en/</a>	

Global Livestock Production and Health Atlas (GLiPHA)	GLiPHA is an extensive data warehouse containing global, sub-national information on the livestock sector. It shows livestock related information in the form of maps, graphs and exportable tables	FAO	<a href="http://kids.fao.org/glipha/">http://kids.fao.org/glipha/</a>	
Global databases of catches, distribution of commercial marine species, countries fishing access agreements, ex-vessel prices, marine protected areas		Sea Around Us Project	<a href="http://www.seaaroundus.org/data/#/">http://www.seaaroundus.org/data/#/</a>	
Specifications of many vessels and positions		Marine Traffic website	<a href="https://www.marinetraffic.com/">https://www.marinetraffic.com/</a>	
Statistics about the fleet of the top liner shipping companies.		Alpha liner	<a href="http://www.alphaliner.com/top100/">http://www.alphaliner.com/top100/</a>	Must have an account to access
FAOSTAT	Production; Inputs; Trade; Population; Food Balance; Investment; Food Security; Prices; Macro-Statistics; Agri-Environmental Indicators; Emissions - Agriculture; Emissions - Land Use; Forestry; ASTI R&D Indicators	FAO	<a href="http://www.fao.org/faostat/en/#data">http://www.fao.org/faostat/en/#data</a>	
World bank Indicators	All indicators: agriculture; climate change; Economy & Growth; Energy & Mining; Environment and etc.	World bank	<a href="https://data.worldbank.org/indicator">https://data.worldbank.org/indicator</a>	
Eurostat	The Eurostat's database (EUROBASE) contains the full range of publicly available data from Eurostat. The data are presented in multi-dimensional tables with multiple selection features and export formats	Eurostat	<a href="http://ec.europa.eu/eurostat/web/environmental-data-centre-on-natural-resources/data/database">http://ec.europa.eu/eurostat/web/environmental-data-centre-on-natural-resources/data/database</a>
